

7 February 2019

**First Derivatives plc
("FD" or the "Group")**

Capital Markets Day

FD (AIM: FDP.L, ESM: FDP.I) will be hosting an event for investors and analysts at 2pm today, which will include presentations by FD's senior management team.

The purpose of the event is to provide greater insight into the Group's Kx technology, focusing on its performance lead, a range of growth opportunities across both established and new markets and the sales strategy to deliver on these opportunities. No new financial information will be provided.

The presentation slides will be available later today on the Group's web site and interested parties can also register to view recordings of the presentations as soon as they are available. The event is by invitation only and all queries should be directed to FTI Consulting through firstderivatives@fticonsulting.com.

About FD

FD is a global technology provider with 20 years of experience working with some of the world's largest finance, technology, retail, pharma, manufacturing and energy institutions. The Group's Kx technology, incorporating the kdb+ time-series database, is a leader in high-performance, in-memory computing, streaming analytics and operational intelligence. Kx delivers the best possible

performance and flexibility for high-volume, data-intensive analytics and applications across multiple industries. FD operates from 14 offices across Europe, North America and Asia Pacific, including its headquarters in Newry, and employs more than 2,600 people worldwide.
